

Another embodiment of the present invention includes an ophthalmic lens manufacturing cell layout ~~having a robotic arm, and a plurality of ophthalmic edging machines,~~
———wherein ~~said~~ ophthalmic edging machines have an opening that faces away from ~~said~~a robotic arm.

Another embodiment of the present invention includes an arrangement for holding an ophthalmic edging machine within an ophthalmic manufacturing cell ~~having an ophthalmic edging machine, at least two rails, wherein said edging machine includes a bracket that engages said rails, and a locking mechanism, wherein said locking mechanism holds said ophthalmic edging machine in a desired position along said rails.~~

CONCLUSION

In view of the above amendments and submissions, the Applicant submits that the above-identified application is now complete, and respectfully requests that the application be passed to examination. If any additional fee is required and not provided for herein, the Commissioner is hereby authorized to charge such fees to our deposit account no. 13-0019. Please direct any communications regarding this submission to the undersigned at 312-701-8738.

Respectfully submitted,

By:
